Education

Brown University Providence, RI, USA
Doctor of Philosophy, Economics 2021 - May 2027 (Expected)

Furman University Greenville, SC, USA
Bachelor of Science, Summa Cum Laude, Mathematics-Economics and Political Science 2014 - 2018
Study Abroad: Université de Versailles-Saint-Quentin-en-Yvelines, France

Research

Primary Fields: Macroeconomics, International Finance, Macro-Finance

Job Market Paper

- DeHaven, Matthew. "Source Matters: Demand vs. Supply Uncertainty in a Small Open Economy."

  Abstract: How do domestic uncertainty shocks affect the macroeconomy and financial markets? I study this question in a New Keynesian small open economy model with stochastic volatility and incomplete international risk sharing. I find that in an open economy, the effects of domestic uncertainty shocks depend upon the source of uncertainty. Domestic productivity uncertainty shocks lead to an increase in the foreign bond risk premium and an appreciation of the nominal exchange rate. Domestic demand uncertainty shocks lead to a depreciation instead. In data from the United Kingdom, I separate supply and demand uncertainty shocks and find they have opposite responses in the nominal exchange rate. My model can account for this pattern with shocks to different sources of uncertainty.

Teaching

Brown University Providence, RI

Teaching Fellow 2024 - 2026

- Applied Economics Analysis (first-year PhD course)

Developed course and delivered all lectures. Class focused on programming, version control, and reproducible research.

Brown University Providence, RI

Teaching Assistant 2022 - 2023

- Intermediate Macroeconomics
- Macroeconomics (first-year PhD course)

Sheridan Center Teaching Certificates: Reflective Teaching Seminar (2023), Course Design Seminar (2024), Teaching Consultant Program (2025)

Research Experience

Federal Reserve Board of Governors Washington, DC

Research Assistant 2018 - 2021

Worked in the International Finance Division. In my third year, served as research assistant for the Division Director.

Fellowships

Federal Reserve Board of Governors Washington, DC

Dissertation Fellowship Summer 2026

Presentations and Workshops

Southern Economic Association (November 21-23, 2026)*, Furman University Visiting Scholar (October 30-31, 2025), Stanford Big-Data Initiative in International Macro-Finance (August 2025), Southern Economic Association (November 23-25, 2024)

Awards and Honors

Department of Economics Teaching Award, Brown University (2026), Department Nominee for Presidential Award for Excellence in Teaching, Brown University (2025, 2026)

Other

Technical: R, Python, Julia, Matlab, Stata, LaTeX, Typst, Git, GitHub, Quarto

Citizenship: United States

Languages: English (native), French (intermediate)
